Section 1: Math (90%)

Criteria	Exceeding (5)	Meeting (4)	Beginning (3)	Not yet (2)	NH (1)
Scale	You accurately found the scale between the two mediums, and the scale shows the enlargement or reduction of your projects.	You did find the scale between the two mediums, but the scale is lacking in the enlargement or reduction of your projects.	You did find the scale between the two mediums, but the scale does not show the enlargement or reduction of your projects.	You did find the scale between the two mediums, but the scale there is no enlargement or reduction of your projects.	You did not find a scale between the two mediums.
Area and Volume Measurements: ___/2.5 Calculations: ___/2.5	You accurately found the spatial measurement (the Area, and Volume). With all the work shown; with No errors in the calculations.	You found the spatial measurement (the Area, and Volume) with no accurate measurements. With all the work shown; with minor errors in the calculations.	You partially found the spatial measurement (the Area, and Volume) with no accurate measurements. With most of the work shown; with major errors in the calculations.	You tried to find the spatial measurement (the Area, and Volume) but you made errors in using the wrong measurements. With some of the work shown; with entirely with errors in the calculations.	You did not attempt to find the spatial measurement (the Area, and Volume). With no work shown, did not attempt calculations.
Graphs Data collection: ___/1.68 Graphs: ___/1.68 Calculations: ___/1.68	You collected data from more than ten of your peers. You developed more than three different types of graphs. With all the work shown; with No errors in the calculations.	You collected data from ten of your peers. You developed three different types of graphs. With all the work shown; with minor errors in the calculations.	You collected data from five to ten of your peers. You developed two different types of graphs. With most of the work shown; with major errors in the calculations.	You collected data from two to five of your peers. You developed one graph. With some of the work shown; with entirely with errors in the calculations.	You did not attempt to collect data from your peers. You did not develop any graphs. With no work shown, did not attempt calculations.
Reasoning for the Word & Medium Word: ___/2.5 Medium: ___/2.5	You gave a thought-out and detailed reason for your chosen word. You gave a thought-out and detailed reason for your chosen mediums.	You gave a partial reason for your chosen word. You gave a partial reason for your chosen medium.	You gave a basic reason for your chosen word. You gave a basic reason for your chosen medium.	You did not have a good reason for your chosen word. You did not have a good reason for your chosen medium.	You did not provide a reason for your word. You did not provide a reason for your word.
Total	<u> </u> /20 → <u> </u> /90			The first word was the school-appropriate word: - 2.5 Yes No	

Section 2: Presentation (10%)

Criteria	Exceeding (5)	Meeting (4)	Beginning (3)	Not yet (2)	NH (1)
Information Information: _____/2.5 Example: _____/2.5	You provided more information than what is given of the information on the product that you collected for the Pecha Kucha. You provided an online (Minecraft world) or IRL example (Physical copy) of your creation, and pictures to pass around the class.	You provided all the information about the product that you collected for the Pecha Kucha. You provided a picture of your finished product but nothing to allow your peers to explore.	You provided most the information about the product that you collected for the Pecha Kucha.	You provided little the information about the product that you collected for the Pecha Kucha.	You did not attempt creating a presentation to share with your peers.
Flow	You were confident in presenting your project, and you did not speed through your presentation.	You were confident in presenting your project but you hesitated at different parts, and you sped through your presentation a little.	You showed that you did not have the confidence to present and did hesitate a little in presenting your project.	You hesitated most of your presentation and your peers did not understand what you were presenting.	You did not attempt to present to your peers.
Time	You finished the presentation in the time given.	You finished the presentation a little bit sooner or over (2 min 40 sec or 3 min 30 sec)	You finished the presentation a little sooner or over (2 min 20 sec- 2min 40 sec or 3 min 30 sec-3 min 40 sec)	You finished the presentation a lot sooner or over (2 min-2min 20 sec or 3 min 40 sec-4 min)	You finished the presentation a too quickly or too long (1 min 20 sec-2 min or 4 min-6 min 20 sec)
